

## BRING ON THE BUBBLES

Whether you're ringing in the New Year, toasting a new couple, or just having a fancy brunch, the ever-elegant Champagne is always appropriate. Champagne, having traditionally been sipped at celebrations, has become a celebration itself. Slicing the cork off with a saber or cracking the bottle open on the bow of a ship elevates it to an epic event. No need for dramatics though, just sip, savor, and voilà! The occasion just became even more special.

À votre santé!

## WINE BY THE GLASS

*Mysterious, complex, sexy ... fruit forward, cherry, citrus, chocolate ... dirty, clean, heavy, light ... European, North American ... just a sample of the many descriptors that apply to our wine selection. Providing wines that pair naturally with our food to the wines that steal the show all by themselves... from around the world to our own backyard ... our wine directors' continuous and endless journey.*
